Thank you for choosing Radar Tyres.

With proper care and maintenance, you will enjoy driving on your new Radar Tyres for a long time. We want you to be 100% satisfied with your Radar replacement passenger or light truck tyres so they are backed by the RADAR PROTECT PROGRAM.

The Program includes the following benefits:

- **Road Hazard Protection ***
- **Workmanship and Material Limited Warranty**

*Exclusive for Dealers under RADAR Elite Dealer (RED) Program

ROAD HAZARD PROTECTION

Select Radar tyre ranges offer a ROAD HAZARD PROTECTION to protect consumers against non-repairable damage caused by cut, snag, puncture, bruise or impact break. Typical road hazards are nails, glass, potholes and debris.

The ROAD HAZARD PROTECTION is offered to promote goodwill and is not a warranty that your tyre will not fail or become unserviceable due to a road hazard. This protection is a promise of replacement under the conditions specified below. When an eligible tyre has a road hazard condition during the first 4 mm of treadwear or first 12 months from date of purchase, whichever comes first, the tyre will be replaced with an equivalent* Radar brand tyre free of charge. To be eligible, you need to present:

- the tyre(s),
- proof of purchase (original invoice) showing the date of purchase and that a minimum set of two (2) tyres of the same brand and pattern were purchased and installed on the vehicle at the same time. (If the vehicle has a mix of different brands and patterns, the claim will be rejected).
- Winter tyres require documentation of the timing of the installation and removal of the tyres each winter to maintain coverage under the RADAR PROTECT PROGRAM.

*An "equivalent" new Radar branded tyre shall be either:

- the same range of tyre; or
- a tyre of the same general construction and quality.

The ROAD HAZARD PROTECTION covers tyres of equal or lesser value. If the owner accepts a higher priced tyre, the owner is responsible for covering any difference in price. The owner is responsible for payment of all applicable taxes, demounting, shipping, mounting and balancing charges set forth under this Coverage. The owner is also responsible for payment of local tyre disposal fees and any parts or service regardless of mileage or months of service. This includes payment for tyre rotation, alignment, towing, road service and valve stems.

The ROAD HAZARD PROTECTION program applies only to the following tyre ranges sold by the participating Radar Elite Dealers (RED): Dimax Sport, Dimax R8+, Dimax R8, Dimax, Sprint, Dimax Touring, RPX-800+, RPX-800, Rivera Pro-2, Dimax All Season, Dimax 4 Season, Dimax Winter, Dimax Alpine, Dimax Ice, Renegade A/T 5, Renegade AT Sport.

USABLE TREAD LIFE

When the original usable tread anywhere on a tyre reaches a depth of 1.6 mm, as evidenced by the built-in treadwear indicators in the tread grooves or a tyre tread depth gauge, the tyre is fully worn out and should be removed from service.

TYRE AGING

All tyres experience age degradation, a condition where the physical and chemical properties of tyres change over time. Age degradation can lead to a sudden tyre failure. To avoid tyre failures caused by age degradation, Radar recommends tyres (including spares) be removed from service and replaced 10 years after their date of manufacture, regardless of tread depth or usable condition. The age of a tyre can be determined by examining the DOT code on the tyre sidewall, or by consulting a tyre service professional.
